Here are a selection of comments about our school from Parents whose children left in July 2023:

"There are no words to describe how much of a difference the staff have made to my son. The level of support, communication, kindness and understanding has gone above and beyond. The communication from the school has also been extended brilliantly into the team around the child and the local authority. The staff not only care about the child in school but also how changes in circumstances at home can affect the child.....always offering help, support and guidance".

"My daughter has grown so much in different areas since she started at Ashmore Park Nursery. Her confidence has improved and her learning journey has been excellent. It is obvious that the staff do a lot of amazing work with the children".

"The staff have made a huge difference to my child during their time at the school. The staff are always approachable, kind and understanding. My son's confidence has gone through the roof since being at this nursery and he was always so excited to attend".

"We have loved the experience – she is now ready for school and I would recommend the nursery in a heartbeat".
